**INTERVIEW SUMMARY**

Sir:

The undersigned counsel for Applicants and Applicants' technical representative, Ronald Ugolick, Ph.D., thank Examiner Chevalier for the courtesies extended to them during their telephone interview of September 20, 2006. During that interview the "Supplemental Amendment and Request for Telephone Interview" and Dr. Baum's Declaration, both filed on September 12, 2006, were discussed.

Examiner Chevalier agreed, after considering these filings and reviewing the 4,863,772 Cross patent and particularly the disclosure in Cross regarding its "matrix" (see, e.g., paragraphs 18 and 20 of Dr. Baum's Declaration), that the prior rejections

using Cross were improper and that the claims as currently pending would not be rejected over Cross.

Counsel and Dr. Ugolick also discussed and explained Dr. Baum's Declaration paragraph 4 ("Fernandez-Kirchberger . . . is the closest"), paragraphs 22 and 16 ("non-tacky"), paragraphs 24 (a) and (b), and paragraph 19 ("sheet feeding") with Examiner Chevalier. Additionally, paragraph 11 (claimed invention satisfies a number of long-felt needs which were recognized, persistent and not solved by others) was discussed. [MPEP 2141 III states that such objective evidence must be considered by the examiner in a patentability determination.]

Accordingly, the claims are now in condition for allowance and issuance of the Notice of Allowance at an early date is respectfully requested. If there are any remaining issues, Examiner Chevalier is encouraged to telephone Counsel (310/785-5384) to seek to resolve them.

The Commissioner is hereby authorized to charge any fees which may be required, or credit any overpayment to Deposit Account No. 10-0440. Should such additional fees be associated with an extension of time, Applicants respectfully request that this paper be considered a petition therefor.

Respectfully submitted,
